

Brothers & Sisters:

In response to your requests to see the good work of Delegates of The Grange from throughout the country, the work of the 149th National Grange Convention Agricultural Committee is attached.

This information is forwarded to you as it is available from our binders used at National Session, so you will find a few handwritten notes. Please understand that the "pretty" version will be available as soon as the Journal of Proceedings is produced.

The Position Statement is purposely omitted because this document needs to be perfected prior to distribution.

Fraternally,

## National Grange 149th Annual Convention - Agricultural Committee Index and Resolutions
